

Summary of non-refundable ticket exchange policies

Updated March 8, 2010—For our clients' convenience, CWT has updated the matrix below to provide additional details about non-refundable ticket exchange policies for major domestic carriers. Updates to this document occur quarterly or as per major policy changes.

Non-refundable fares have more restrictive fare rules but are usually more value-priced:

- Most fares require advance purchase
- Some round-trip fares may require a minimum night stay
- A change fee applies to any ticket changes

Travelers should always refer to the specific fare rules when booking non-refundable flights so they understand the fare restrictions and exchange policies. Travelers can also check their itinerary receipt to determine if a ticket is refundable or non-refundable.
